Jeffrey Commons and Magi Barror, two old musical "pros", who have played good music together for 25 years, will be playing in the Plaza behind the Bo C C, Monday, Memorial Day, May 28th. Jan Broek will be joining them for tunes of his own, and possibly a surprise visit from Dale Polissar .

Come and hear some great original music by Magi and Jeff!. Come dance!!! Feast on fresh oysters and cold beer, and let your troubles fade away as we celebrate those brave men and women who have given their lives for our country. This is a benefit for the Bolinas Community Center. Every age is welcome (especially the children!). 1 to 4 PM

## Moritz trims duties at Sequoia Capital

Michael Moritz, the venture capital investor behind companies such as Google Inc., LinkedIn Corp. and Yahoo Inc., is stepping back from daily management at Sequoia Capital after disclosing that he has a rare illness.

Moritz, 57, is relinquishing responsibilities including regulatory compliance and recruiting, the Menlo Park firm said Monday in a letter to investors. He will remain involved in making new investments from current and future funds, and mentoring startups.

"I have been diagnosed with a rare medical condition which can be managed but is incurable," Moritz wrote in the letter. He didn't specify the nature of his illness.

"I've been told that in the next five to 10 years the quality of my life is quite likely to decline," he wrote. "Right now I feel fitter than ever and I hope that I'll be one of the lucky ones who can live a full life and defy the statisticians. But there is no way of predicting this with certainty and thus for me life has assumed a different meaning and I am making some adjustments."

## ANOTHER STEVE KINSEY SUPPORTER

from Jenniepfeiffer

I'm a fan of the energy and activism of Cela O'Conner, and usually listen to what she has to say because she stays informed and current on so many matters of policy regarding the West Marin coast and coastal communities, but I am not able to back up her assertions that we need to replace Steve Kinsey. In the years Steve Kinsey has been our Supervisor, he has learned an enormous amount about the attitudes and needs of the residents of the unincorporated areas of western Marin County. He lives in San Geronimo Valley, the only Supervisor who is in the West Marin area, so is in a better position to know first hand the issues that are present in the more rural areas of Marin. His opponent lives in the highly developed part of the county, and doesn't have an appreciation for what best serves us out here.

The areas closer to the 101 corridor are mostly incorporated towns that have their own local governments and services and have a good bit of representation already. Steve has come to our meetings. He has listened to what we have to say. Every major project that our community has decided to move forward on, he has been there to do what he can to come through with County funding and support. If our community has been in controversy on a project, he has listened to the various points of view, offered suggestions when he has insight, or has waited to help until local consensus has been reached.

Here are just some of the benefits our community has had as a result of Steve Kinsey's efforts on our behalf: Gibson House and gas station purchases and affordable housing projects; Resource Recovery startup, grinding funds, and permitting fees; bike path to school from the Mesa with huge support for bike to school program; major rebuilding and reopening of Terrace Avenue and the securing of the property of the homes along that collapsing roadway; help with plans to mitigate erosion at Surfer's Overlook; rebuilding and maintenance of tennis court bathrooms; taking action as a result of our comments in response to the canceling of bus service between Bolinas and Pt. Reyes, by working with committee members and Marin Transit to come up with a plan to start service again in the fall, with a pilot plan to help students get to Drake and Marin Academy high schools; help for local residents to get inspections other than County Building inspectors for solar installations, and for septic improvements. These are just some I happen to know about. I'm sure there are many others. The biggest advantage to keeping Steve Kinsey as our area Supervisor, is that he shows up to our meetings when we ask him to be there and he listens to our concerns. I highly recommend we work hard to KEEP STEVE KINSEY OUR SUPERVISOR.

Jenniepfeiffet.

## The real Miss America.

This 19 year old ex-cheerleader now an Air Force Security Forces Sniper, was watching a road in Pakistan that led to a NATO military base when she observed a man digging by the road. She engaged the target (she shot him). It turned out he was a bomb maker for the Taliban, and he was burying an IED that was to be detonated when a U.S. patrol walked by 30 minutes later. It would have certainly killed and wounded several soldiers. The interesting fact of this story is the shot was measured at 725 yards.

She shot him as he was bent over burying the bomb. The shot went through him and into the bomb which detonated: he was blown to pieces. The Air Force made a motivational poster of her. (Folks that's a shot 25 yards longer than seven football fields.)

## *Island Salsa class in Bolinas*

Yes! Join us for some good music, yummy food, and salsa dancing!

Come and kick off your shoes, grab a plate of authentic island food, then head to the dance floor, plate in hand, for the art and meditation of having fun dancing salsa.

Imagine, a house in the village or neighborhood where soulful salsa music fills the air, enabling island food that connects your tummy and feet to the rhythmic beat, and the salsa teacher that could be an aunt uncle sister cousin brother mom dad grandparent grandchild neighbor or friend that pools over 50 years of dancing experience within the community. A place where teachers become students and students become teachers and the art of sharing becomes the true teacher. A place where everyday people set the standards for the professional to follow. A place where no experience meets no worries because we'll start with the basic step of "fun" and take it to wherever your bliss shall lead you. A place where all are welcomed to come learn, share, and dance for the love of dance.

Well that house is the Bolinas community center. After many formal classes, a lot of step counting, and a monthly bill, the way of the village made far more sense. It enables all to learn in an intimate loving and fun environment.

So please come join us at the community center on Monday nights at 7 pm. We are asking for a donation of $10 to $15 per class. The tasty food is included with the class where you can eat and move the feet! If there is anyone that would like to join us that can't afford it please email us your contact information so we can discuss a scholarship program for you. Also, we are also taking a survey of those who would like to attend but Mondays does not work. Please email your preference so we can get a good idea on what works best for everyone. So if you're interested and need help with a scholarship or with availability please contact the ISB organizers at islandmacsalsa@g.mail.com. Thank you for reading this and we hope to see you soon. Cheers!
