Fortune Telling for the New Year

Bring in the New Year with a little sooth saying.
We looked into the future this New Year’s eve with a handful
of different readings; some wheel spinning, some ink spilling
... Here are what the tea leaves read.....

TASSEOGRAPHY
“You are the most qualified person to read your own tea leaves”

With a quiet mind identify an issue.
Slowly sip tea and with the remaining bit of liquid swirl three times,
then dump out rest of liquid and tea leaves by turning cup over into the saucer.
Wait three breaths and turn back over.
Mentally divide the cup into three sections; rim, middle and base.

First symbol you see represents your dominant character or someone
of great influence

Symbols in the rim section apply to this moment of time,
middle shows the near future. Rim and middle influence your outcome,
and the base represents your ultimate answer or conclusion.

Each reading highly personal and interpretive

Possible Symbols:

6: Acorn shape = very strong symbol, happiness and contentment
= change in your life
A: Anchor = stability
A: Axe = you have the power to overcome difficulty
Mountain = difficult but not impossible
And so on...........
Ancient Mayan Calendar Finished

Last ancient Calendar day is so proclaimed
Its solstice-arched language profound
What tomorrow brings compound
Where questions most surly abound
Only nature can conceive where to go

Sunsets a blazing Pacific marvel
Shoreline glistens with pallet so astounding
Scarlet Pelican surfs a gentle wave to shore
Rising with flaming glory, wings ruby aglow
Waning sunset color ubiquitous disperse

Soaring Frigate, Cumulous, and Mountain vie
As the final solar ray so surely vanished
Moon moves in its second quarter waxing
Watching from its heavenly position glowing calm
While awakening astral displays perform

Ocean waves continue their magical rhythm
Night descends warm and tender filling lungs
Clean bountiful air nurtures existence surly pure
Latter as night becomes full and distant stars sparkle
Ever so brilliant arrays, inspired creations appear

Atmosphere moves waving palm and limb alike
When movement grows, curious sounds emerge
Heretofore silent bamboo takes on life and tone
Geckos and cicadas join in choirs, a new notion
People unseen chant and cheer so distant clear

Change is underway yet, as always a mirror
Past to future find there way traversing space
Consciousness fills the voids to lead the way
Threads of mind woven with weft and warp
Fabric subtle and bold holds patterns untold

Nature’s forces wind, rain and sea, clear slates
Making room for the future to track
Each line renewed no room for the past
Present prevails only short moments too last
Solar rise turns dark shadows bright, no night

Baby awakes bringing joy to all
Cheerful sounds embraced a new thrill
Life’s renewed energy forges ahead
Realizing dreams that abound in your head
Ever thankful this present too observed

Olive Ridley clamors forth on sandy shore
Nest site found too arduous excavation
Precious nest, a marvelous load expelled
Backfill and retire to familiar sea intone
Won’t be long new life will appear

Blustery winds of change arrive
Tucked in shelter pondering
Yet life goes on unfettered
Tapping tools reverberate
Progress still moves in time

Mountain rainbow rises like a volcano
To mesmerize the clouds, that change
Each moment in purples enduring flow
Magical movement transience endeared
Each so unique, precious and pure

Chef prepares the meal, gourmet in his blood
Pescado, Camarones, Calabasa and more
Our pallets enamored, flavors galore
Bellsly delighted could there be more
Sip of wine helps to close the door

Retiring maestro picks up his drum
Gentle rhythms awakens bones weary
Swaying hammock beckons beyond
Till sleep demands, command is taken
Eyelids respond, out go the lights

Awaken so widely as moon set her way
Much like her partner Pacific takes her day
Sinking ever slowly her bonfire fades away
Again twinkling stars find prominent display
Thus ends Ancient Mayan Calendar Days

Best Wishes,
Scott Finney
