Marin County Wildfire Forum Set for Saturday in San Rafael

Event includes officials from fire agencies, local and state government offices

What: More than 250 residents have RSVP'd to attend the Marin County Wildfire Forum, a free public educational session about local wildfire prevention happening in neighborhoods throughout the county. More walk-up attendees are expected. The keynote speaker is Shannamar Dewey, a Paradise resident who will share her first-hand account of the Camp Fire. Fire chiefs and other experts will talk about vegetation management projects on open space lands, emergency preparedness efforts at the community level, and what needs to happen next to meet Marin's "Lesson's Learned" goals that were created after the October 2017 North Bay Wildfires. This is the first coordinated session that takes a countywide approach and includes stakeholder agencies from all over Marin. As Marin County Fire Chief Jason Weber said, "A wildfire knows no boundaries."

When: Saturday, May 4, 10 AM to noon

Where: Embassy Suites
101 McInnis Parkway, San Rafael
(Closest entrance to main ballroom is on south side of building next to canal)

Hosting agencies: Marin County Fire Department, FIRESafe Marin, Marin County Fire Chiefs Association, the County of Marin, Firewise USA

Agencies participating: Sheriff's Office of Emergency Services, San Rafael Fire Department, Sleepy Hollow Fire Prevention District, Marin County Parks, Marin Humane, Marin Municipal Water District, PG&E, One Tam, Central Marin Neighborhood Response Group, Marin Community Emergency Response Teams (CERT), Marin CHP, City of Novato Margaret Todd Senior Center, American Red Cross, representatives from the insurance industry

Speakers:
Shannamar Dewey, Paradise resident
Todd Lando, FIRESafe Marin
Christie Neill, Marin County Fire Department Battalion Chief
Jim Chayka, Marin County Parks Superintendent
Jason Weber, Marin County Fire Department Chief
Bill Tyler, Novato Fire Protection District Chief

Background:
In a recent countywide resident survey, residents marked emergency preparedness as one of their most important priorities. In late 2017, fire chiefs in Marin collaborated with other officials to develop the "Lessons Learned" report - basically a roadmap for Marin's own wildfire prevention and emergency preparedness efforts. The report emphasized that in addition to expanding on existing work, a coordinated countywide approach to wildfire prevention and community preparedness will be critical to meeting the local wildfire challenge.

Change of chiefs at Bolinas fire station

By Teresa Mathew

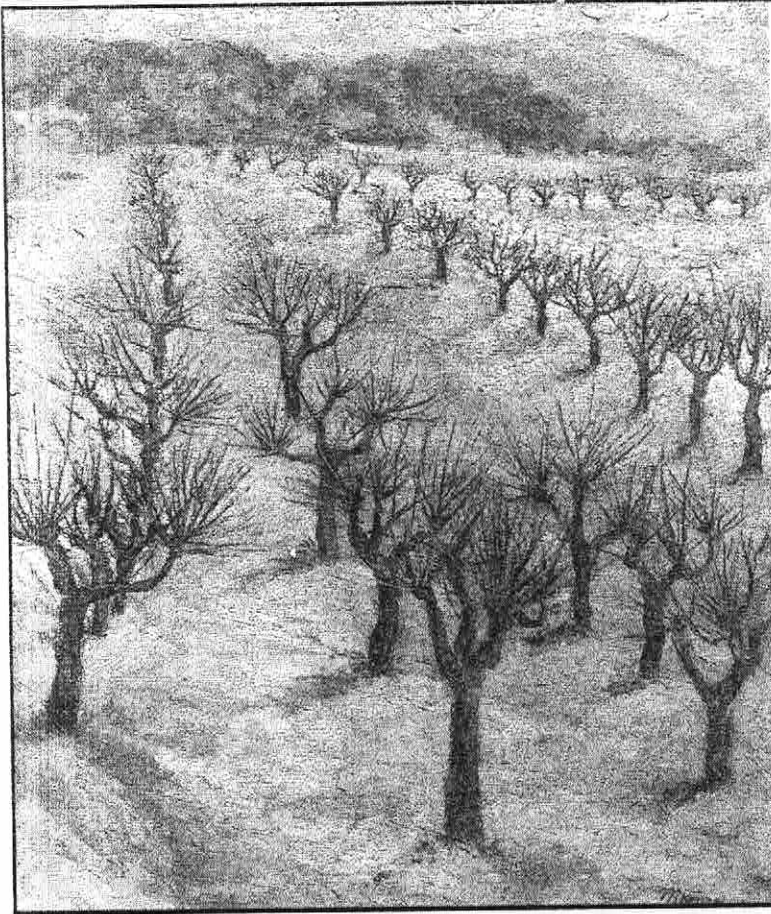

The Bolinas Fire Protection District will have a new chief at the helm as it prepares to tackle new issues, some bolstered by funding and others driven

by increased need. Anita Tyrrell-Brown, who has led the department for over 15 years, is retiring in June, and this month George Krakauer—a Bolinas native who joined the volunteer force

a decade ago—became the district's acting chief. He will take over the official post with Chief Tyrrell-Brown's departure. The transition will be the smoothest the district has ever known, Chief

Tyrrell-Brown said. She announced her plans to retire two years ago to give the board ample time to find her replacement. Initially, she was concerned that it would be a difficult search: she needed someone who lived in Bolinas, knew the town and community, was skilled in the operational aspects of the job, and

West Marin Group to Advise on Tax Revenue Uses

*Applications accepted through May 28
for Measure W Working Group*

San Rafael, CA – With a new transient occupancy tax (TOT) for West Marin in place since the start of this year, a public working group is being formed to help recommend uses for the tax revenues to support community housing needs. Applications are being accepted until May 28 for the Measure W Working Group, convened and overseen by the Marin County Community Development Agency (CDA).

The Measure W tax rate increase in West Marin became effective January 1, and County staff has focused on getting short-term rental operators – especially those using online reservation platforms such as Airbnb, HomeAway, or VRBO – to register, report and pay TOT. Measure W, designed to address tourism impacts on West Marin communities, will generate about \$1.3 million each year. It increased the TOT in West Marin from 10 percent to 14 percent for hotels and short-term rentals, and it applied a 4 percent tax to commercial campground visitors. The geographic boundaries affected by the tax rate increase include all of coastal West Marin from Muir Beach to Dillon Beach and inland communities including Nicasio and the San Geronimo Valley. A list of parcels affected by Measure W is available at marincounty.org/tot.

The ordinance, which has no sunset date, requires all funds will be used exclusively in West Marin. Distribution of revenues will have local oversight and annual audits.

TOT is collected by business operators from short-term rental guests (stays of 30 days or less) on behalf of the County. The funds are used in variety of ways to reduce the impacts of tourism and to fund projects that benefit the West Marin. Funds for enhanced fire and emergency protection services, rental support, new construction of long-term housing, and housing for persons with disabilities are among the options that could be funded in part by TOT revenue.

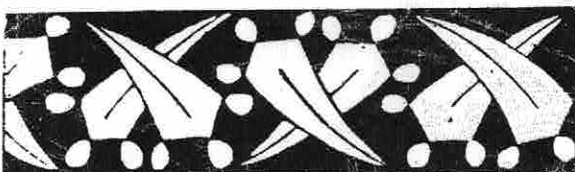

The Measure W Working Group will form this summer and begin with initial monthly meetings at West Marin locations to be determined later. The group's feedback will help inform CDA's recommendations to the Marin County Board of Supervisors, which must approve appropriations of Measure W funds. The Working Group

will be composed of up to seven members, who will be selected by CDA Director Brian Crawford after applications are reviewed. Anyone with an interest in housing, who lives or works in West Marin is encouraged to apply.

The application deadline is 5 p.m. May 28. Questions may be emailed to CDA Planning Manager Leelee Thomas.

For more information on the requirements of short-term rental operators visit www.marincounty.org/str.

NEW MOON of MAGIC & OPPORTUNITY

May 4th brings a new beginning courtesy of a New Moon at 3:45 PM PDT at 14 degrees of Taurus. This earth sign is ruled by Venus, tuning you into the beauty of life and what you need to ground your ideas in the real world. Energy follows intention, so set some that will guide you to attract and manifest what you need.

You've completed something, made some tough decisions and left something behind. The Aries lunar cycle of preparation, heaviness, and retrogrades, gives way to a cycle of opportunity and magic. Focus on the resources you'll need to ground the ideas and bold daring impulses brought to you under the aegis of the Aries cycle. Sensual Taurus calls you to slow down, stop and smell the roses, acknowledge and celebrate the fertile magnificence of Spring and celebrate your 5 senses. It's time to get your magnetic mojo working.

Big celestial stuff is happening as some planets rendezvous for the first time in 80 years! What does this mean for you? Where are you being called to activate your magnetic mojo and how can you make your big dreams and ideas real? Find this out and much more with a reading and take advantage of my Bolinas specials.

Call or text me...Claudia Thompson...at 347 752-3280.
