### Bolinas Community Land Trust's WHO'S WHO of Board Members

#### Meg Simonds – BCLT Board President

I was lucky to grow up along the rocky shores of Cohasset, MA., which, like Bolinas, had a robust and multi-generational summer colony. My Dad was a summer snob and Mom was a townie.

In 1977, during my Saturn return, I, along with 2,400 others, was arrested protesting construction of Seabrook Nuclear Power Plants in New Hampshire. I followed that up by driving across the country to California. Once I made it to the Bay Area I decided to get oriented geographically. The next day I took a drive along the famous Highway 1. Over the Golden Gate Bridge I went, eventually reaching the lagoon where I spotted a town across the mud flats and water. I was immediately struck by its beauty and similarity to Cohasset. Sticking my hand out the window and pointing I said aloud, "I am going to live there someday, but today is not the day". Instead I moved to San Luis Obispo and joined the fight to stop Diablo Canyon Nuclear Power Plant. I met many wonderful folks from a town called Bolinas (where ever that was). These committed people gave much needed support and in true Bolinas style provided food and sustenance during a long court battle.

A few months later while visiting friends in San Francisco they invited me to come see the land they had bought in Bolinas. Yes! I want to see this place with such a community of folks. Imagine my surprise when we drove up along the lagoon and suddenly there was that place I had seen 2 years earlier. "Oh, my! That place ..." I thought. And then we turned left at the wye. OMG!

The magic continued, and my time had come to move to the town I saw years earlier. I was able to work building my friends' house, and then built my own small, detached bedroom/studio. I met and married Mark. Eventually we bought what was known as "the old Silver place" where we now have an extensive garden of vegetables, fruit trees, and native plants.

Unable to have our own children, we are surrounded by other people's kids. I served on the school Board for 5 years. At my core I love helping people, I love living in a small community, and I love being grounded in this place on all levels.

That is why I am on the Bolinas Community Land Trust Board. I want to help my community stay whole, lively, and vital.

As many have heard me say, "It's a heart thing."

-Meg Simonds

## WHITE ELEPHANT SILENT AUCTION

There are many ways to participate in Labor Day, but the silent auction is one of those great win win opportunities. The Community Center wins when there are great items to sell, as that helps us support all the wonderful classes and events that happen at the BCC. The donor wins by passing on some artifact that need to be released back to the community. Something way-to-nice to throw away, but for whatever reason (too full of memories or not enough time for your own garage sale) something you don't want to sell.

The white elephant is a reminder of Ganesha, the Hindu deity that has an elephant head, and multiple arms. Ganesha is the remover of obstacles. So if your stuff is weighing you down, bring the beautiful, useful, desirable items to the Community Center. We'll do our best to find someone who will love it.

P.S. Your donations are tax deductible, we'll be happy to give you a receipt.

systems adding to erosion issues. But, please reference the article by Lloyd Kahn in the Hearsay about the causes of erosion.

**Has the septic system been approved at the 430 Aspen property? Once it's approved will it be used county wide?**

It has not been approved yet and we are unclear as of now if this will be the design used for the pilot program or not. This program is only for Bolinas at this time, whether or not it could be used county wide down the line is unknown.

**Where is the BCLT in the approval process for water, septic, building?**

We are currently applying for our septic and expanded water use permits and will be applying for our coastal permits soon.

**If the TOT Tax is raised, where will this money go? How will it be prioritized among the West Marin CLT's?**

If the TOT tax passes all the money will come directly to West Marin. 1/2 will go to emergency services and 1/2 will go to affordable housing organizations. The decision of how the funds will be spent will be decided in a committee made up of the local organizations benefiting. There will also be oversight by a citizens committee and the board of supervisors.

**As a tenant of the BCLT if your family size changes, do you have to move?**

No. We are able to move our current tenants into units that better serve their size as they are needed and when they become available.

**Does the septic plan require pumping and inspection? Will there be an option for solar?**

Not all septic systems require pumping, some may. Annual inspections will be done from either the BCPUD and/or BCLT. There will not be an option for solar connected to the septic program, a solar project may be planned at a later date.

**Will there be opportunities for sweat equity for the houses the BCLT plans to sell?**

Yes, we hope to include this option for house sales.

**Is the BCLT able to insure their units are given to local residents?**

No, we are restricted to following fair housing laws, which state anyone is able to get on our waitlist. Currently our waitlist is largely local residents (over 80%) and if and when someone from out of town gets one of our units they will become a local resident as all our units are for fulltime tenants.

**Does the full-time resident living at a vacation rental property have to be the owner or can they be a caretaker or general tenant?**

They can be a renter, caretaker, the homeowner, as long as they are a fulltime resident.

**How can elderly people with fixed incomes still apply and get BCLT housing?**

Seniors should get on our list and we are happy to help them look into the many programs available to help supplement their income if needed.

**How do we insure that the BCLT housing is prioritized for the work force? Is there an advantage for people currently working in Bolinas?**

We can not prioritize tenants in this way, however, as we can see from our waitlist most people applying are currently West Marin residents and workforce.

**Have there been studies to determine how water use for the general public will be affected if the current layout (7bedrooms) becomes a pattern that persists across the mesa?**

There have been extensive studies on water resources in Bolinas. The water moratorium regulates the water usage at each property. For more detailed information on this matter please contact the BCPUD for further understanding.

**Are certain ethnicities prioritized on our waitlist?**

No.

**Why don't we see trailer parks in West Marin?**

The zoning will not allow it.

**If there are more septic systems put into use on the mesa will this affect our cliff erosion, is this being considered?**

All the septic systems within our program would then be up to code and will reduce the potential of septic

In regards to the capital campaign, what has been raised? What is the calendar of events, how can the community help?

To date we have raised \$625,000. We are planning events currently for the upcoming year, these will become available on our website in the form of an event calendar later this year. They can also be seen by our members in Quarterly reports, and by the general public as events near on social platforms and in the hearsay. We are always looking for more volunteers, please contact the office to sign up. The BCLT takes donations in all forms and we are happy to talk to prospective donors to give more information about our future projects.

### EVACUATION DRILL

On Saturday, September 22<sup>nd</sup> from 9:30 a.m. to 10:30 a.m. the Bolinas Fire Department and Bolinas Disaster Council will be conducting a VOLUNTARY FIRE EVACUATION drill for the Gridded Mesa.

We will be using AlertMarin to place a call to all landline home numbers with a prerecorded message at approximately 9:30 a.m. Saturday September 22<sup>nd</sup>. Alert Marin will also send text messages to all registered cell phones. We encourage everyone to participate as the evacuation from the Mesa will likely be the same during a real event.

If you choose to participate, please proceed in your vehicle to the Bolinas Fire Station on Mesa Rd. At the fire station you will find information on emergency preparedness from the Fire Department, Disaster Council, and West Marin CERT. We will also be providing light snacks.

To receive "Alert Marin" texts and find out more about Alert Marin, go to [www.AlertMarin.org](http://www.AlertMarin.org)

While this exercise is focused on the Big Mesa, all citizens of Bolinas are encouraged to stop by the fire station to pick up information about Emergency Preparedness.

During the exercise you will see emergency vehicles moving throughout your neighborhood to simulate an actual response. This is not only great practice for us but it also allows us to familiarize ourselves with your neighborhood and identify potential hazards.

For further information, please go to: [www.bolinasfire.org](http://www.bolinasfire.org) or call the fire station at 868-1566.

Tonight on KQED, Channel 9, Masterpiece Theatre will show "Eva Hesse", a film about a New York sculptor who was a Holocaust survivor. She was put on the "Kindertransport" in my home city of Hamburg when she was 3 years old. Her little five year old sister was asked to watch over her. Luckily, they and their parents survived. We met the director at our "Tributaries" opening in Morrow Bay last week.

**IT'S NEVER TOO LATE TO BE BEAUTIFUL AT THE BALLET**

To dance is a wonderful centerpiece for life. Living it, breathing it.

Ballet develops muscular strength, agility, & co-ordination, good posture, poise & grace.

Ballet is related to music, sculpture, literature, drama, and design both in its technique, & its ideals of beauty and strength.

*Feel free to observe a class!*

Hey Guys,

A couple of weeks back we did a screening for my short film, *Ragman's Cave*, at the Community Center, which was awesome. I reconnected with Michael Rafferty after many years and he asked if the Hearsay could publish a list of where my past films can be seen. So here is a blurb we have used in the past:

Ole's documentaries include *Picture Me: A Model's Diary* a feature about his former girlfriend Sara Ziff's experiences as a high fashion model. The film was distributed theatrically, on demand and on television by Strand Releasing, Warner Brothers, and the Sundance Channel domestically. Internationally *Picture Me* was released in over 50 countries. The *Picture Me* can be seen on Amazon, Google Play, and rented on Youtube.

Ole also directed the documentary *Win In China*, with Chinese Central Television on that nation's entrepreneurial revolution. *Win in China* can be seen on Amazon, Google Play and Itunes.

His documentary short, *Lil Buck Goes to China*, is about a Memphis hip hop dancer we took to China to perform with Meryl Streep and Yoyo Ma. It made a mark in the press going all the way to The Colbert Show and can be seen for free on Youtube.

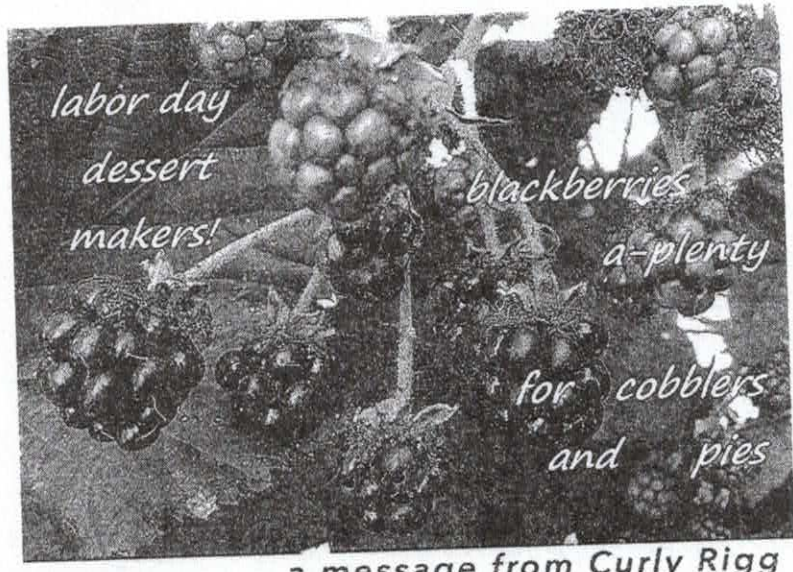

Ole also directed the short documentary *Hitler's Brave Boys* about the last man alive in the United States who was inside Adolf Hitler's bunker at the end of World War II. It can be searched for and seen for free on Vimeo.

Ole's latest short documentary, *Deo: Escape from Burundi*, chronicles one man's harrowing escape from the genocide in east Africa and his ultimate redemption. It plays out like an adventure story and can be seen for free on Youtube.

Thanks,

Ole Schell
