

WHO DID THIS?  
DOES ANYONE KNOW THEM?

April 11

Liz Ehnann's VW Stationwagon was vandalized last night on the Bolinas-Olema Road across from her house. 4 windows were completely smashed, including front and rear. Also, while Liz was at the movies, Mary Ann Tachera (babysitter) received two "heavy-breather phone calls." The night before, someone smashed windows in junked cars at the gas station.

### SPORTS by Roy Buckman

Back to Baseball and my all time favorite team - the Giants of San Francisco. They're at it again, giving us the big start at season's beginning. Well, goddamit, I ain't being sucked in, just because they've won the first four means naught. After 15 seasons of exactly the same bullshit, I'm cynical. Wait 'till June. However, whatever they do, win or lose. I love 'em.

THE BOARD wednesday night discussed deficit spending (PUD is already \$3000.00 over budget so far this fiscal year) and decided that the solution for an expected cash shortage later this year is to ask for an advance on next year's tax money - a "paper transfer" with "no problems." A request from the county for an opinion on a variance at 410 Cedar was discussed, with the board deciding that it had no jurisdiction in the matter since the planned construction did not involve a change in sewer or water use. Equipment maintenance was heatedly discussed, and the board decided to hire Larry Freeman as maintenance mechanic for a month's trial. The bathrooms at the PUD don't work in the winter because the septic tank overflows, and the toilets back up onto the floor. Robbie has to clean up the mess. Judith Weston brought information on Glivis (sp?) Swedish Dry Toilets, whose praises were sung by everyone, and the PUD agreed to buy a locally made one later this year. Judith volunteered to clean the composting toilet every three years, much to everyone's relief.

## SHARON REAL ESTATE

BOLINAS PROPERTIES
