As events on a scale not encountered since Richard Nixon's downfall unfold in today's Washington, what could be more insightful in these fraught times than to take a good, up-close look at how the Supreme Court works, especially in the context of how the justices handled the landmark decisions of the "Warren Court" era?

In this course, Bill O'Connor, JD will focus on the landmark Supreme Court decisions from the "Warren Court" e.g.: cases on abortion, school prayer, freedom of the press, and the right to counsel, using recordings of actual oral arguments. He will also cover the inner procedures of the Supreme Court, how cases move to final opinions.

THREE GREAT THINGS ABOUT THIS PLACE...

- Sniffing the last stands of naked ladies (sounds awful doesn't it?), storing up sensory memories for winter.
- Soundscape of a Sunday morning: bird-song, kids chattering, quail chattering.
- Last car payment: USAA sent the lien papers this week.

New month, same fog. Last week started in the regular busy way, with meetings and gatherings. Monday morning, School Principal Michelle Stephens hosted an informal coffee in the school library called Parent Coffee Connection (PCC) that had a robust turnout and is planned to be an ongoing way for parents and members of the communities to stay in closer contact. The topics of this first meeting included: how to establish a sustainable and robust Bolinas-Stinson Parent Teacher Organization; ways to build a sustainable network of classroom support and communication; revival of the Bo-Stin Harvest Festival (which will be coming up soon so watch for more information); and what topics might be discussed at these monthly PCC meetings.

Tuesday evening there was some eye-opening ways to approach playing the cello in a performance by Rushad Eggleston at the Murch's FarmStand that pushed the envelope. Delightful!

Wednesday delicious pizza was assembled by John Glavis and Rob Hoge, baked in the new cobb oven at school and consumed by eager eaters there to visit the Specialists open house event - such a great evening.

Then, Thursday, I fell down the rabbit hole of Supreme Court nomination testimonies from Dr. Blasey Ford and Brett Kavanaugh. I have been caught with Alice and millions of others, beyond wonderland and through the looking glass ever since. I'm attempting to press on regardless, but it's difficult. jp

Dear Friends,

The BCLT needs a larger office space than our current walk-through closet with fridge compressors running loudly all the time. In a perfect world there would be a downtown street-accessible space that could accommodate our growing staff & operations; maybe even with a kindly donor paying the rent..... As it is, we aim to take over one of the small retail spaces in the Bolinas Garage building when its current lease expires in January. It will not be perfect, but it means we won't have to pay for it & get a tax break for using our own premises. Hopefully there's something better out there - please keep us in mind....

Thanks,
Howard Dillon
Secretary to BCLT (415) 868-8880

!!!NO BLOOD, PLENTY OF SWEAT, NO TEARS!!!

I am very proud to report that there was a great volunteer turnout for the two day cleanup at the BCLT's 430 Aspen Project. Many of us Over 60's joined forces with many Under 12's to clear brush and unnecessary out buildings on the property in anticipation of future equitable rentals. I would like to encourage everyone to mark October 7th on their calendars for the the 430 Aspen Open House and Benefit.

This is what our town does best. We gather for a righteous cause and get the work done.

FIRE DEPARTMENT MINUTES
 continued from Friday's Hearsay News

GENERAL BUSINESS

Action Item #1 –

Recommendation from Chief Brown to Provide Neighborhood Groups with Financial Support for Roadside Vegetation Removal.

As the District continues its work on educating our residents on the importance of vegetation management, particularly along the public rights-of-ways, and our work with the Bolinas Utility District on road encroachments, it has become clear that one obstacle to the reduction of vegetation is the cost. There is no one agency or group that is responsible for maintaining the non-County maintained roads. This description encompasses the majority of the roads on the Gridded Mesa, our most densely populated area. Historically, maintenance work that has been completed has either been done by the BCPUD in order to protect their infrastructure or by neighborhood groups. In the past several years, the Fire District has participated to a lesser degree financially with vegetation removal, partially with a onetime small grant through Fire Safe Marin and partially with budgeted prevention funds. With the recent devastating vegetation fires in California, the critical importance of planned evacuation has become quite clear. While some roads on the Gridded Mesa are maintained by residents, the vast majority are not. Chief Brown proposed that the District begin a program that financially supports neighborhoods to reduce the vegetation along their roadways. In general, if a neighborhood group has come together and agreed to participate in the reduction of vegetation along their road, the Fire District would financially support the work. Chief Brown proposed that the District allocate half of the funds budgeted for Prevention Projects to neighborhood roadway vegetation reduction. The allocated amount would be \$10,000. This could allow the District to provide up to \$500 per neighborhood project, which would allow 20 projects a year. Chief Brown added that if the Board approves this proposal in concept, details on the disbursement of funds would need to be defined. The goal is to get residents to understand and engage in the important process of reducing vegetation along the non-County maintained rights-of-ways.

The Board discussed the recommendation and expressed their enthusiasm for the idea. Dir. Shaw questioned how the neighborhood groups would be determined. Chief Brown suggested that it would be people living and or accessing the same road.

MSC Chiera/Gade (unan.) to approve the recommendation to provide neighborhood groups with financial support for roadside vegetation removal in the amount of \$10,000 or half of the Prevention Projects budget.

Action Item #2 – Review and Approve District Conflict of Interest Code

The Political Reform Act requires all government agencies to review their Conflict of Interest Code and disclose any financial interests on their Statement of Economic Interests (Form 700).

In October 1998 the Bolinas Fire District amended the Conflict of Interest Code to include the Fire Chief and all Board members as designated officers / employees that shall disclose all business interests that could have any effect on the District's financial interests. Every two years the County of Marin requests the Districts to review its Conflict of Interest Code and make any amendments as needed. Since the October 1998 amendment, there have been no changes to the District's code.

An amendment is recommended if there have been any substantial changes to the agencies organizational structure, if there have been any new positions added or eliminated, or if there has been a substantial change in the responsibilities of any positions since the last code was approved.

After discussion from the Board it was decided that no amendments to the Conflict of Interest Code are necessary.

MSC Chiera/ Gade (unan.) to approve the current Conflict of Interest Code with no amendments.
