**WHAT HAPPENED**

11-26-18 Monday Morning Recap  
Week-in-Review from Jennie Pfeiffer-Riley

There will be no Recap today. It's not that nothing happened. As always, there was a lot going on in our little town, but I am working on the 868+ Directory, so not reporting here, except to say I loved the Bolinas Community Center (First, hopefully annual, if not more often) Film Festival -- super entertaining and well done. Also, I was inspired Friday night at the Pt. Reyes Book Store, by Eric Karpeles' slide show and conversation with Steve Heilig, editor and reporter for the Bolinas Hearsay News, regarding Eric's two latest books, "Almost Nothing: The 20th Century Art and Life of Jozef Czapski"; and the translation of Czapski's work "Lost Time: Lectures on Proust in a Soviet Prison Camp." It was an engrossing and enlightening discourse.

And of course, there was Thursday's Thankful day where we were surely thankful for the air-freshening rain and the bounty we are so fortunate to receive, with feelings of openness which were once again dashed by a hateful act coming from Washington, with orders to bomb Mexico with tear gas explosions toward children and their families. This sort of aggression cannot be accepted. It is time for all people of conscience to call the White House, (the number is listed in the 868 Directory) and leave your comments. This is horrifying! jp

THREE GREAT THINGS ABOUT THIS PLACE...

- Rain, rain, wonderful rain. And clear air!
- Mexican marigolds—their brilliant gold is by far the brightest color in our neighborhood.
- The gorgeous wetlands that start just North of Olema—what an amazing autumn panorama.

A COMMUNITY OF THANKS TO ILKA HARTMANN

After 20 years of heartfelt service sponsoring our traditional CommUnity Center Thanksgiving festivities, Ilka Hartmann is retiring. Anyone who has ever put together an event of this magnitude knows not only how difficult it is, but how much organizing and what simple hard work it takes to make it work. Ilka has done a magnificent job in all ways. Just organizing the kitchen alone would make us pull our hair out!

Ilka dear, think of all those happy souls whose stomachs have been filled with luscious gourmet foods, and their spirits lifted from the warm sense of connection to CommUnity through all those years!!! We as a CommUnity have been blessed by your efforts each Thanksgiving, and with all the other contributions you make to us of all your other positive, creative gifts. THANK YOU!!!

Thank You for Two Great Weekend Events

On Saturday afternoon, Matt Lundy successfully and bigheartedly conducted Bolinas' First Annual "Hand-did" Sailboat Race at the Wharf. It was a marvelous event on a beautifully perfect day, and well-attended by locals and visitors alike. Veggie and regular hot dogs were grilled expertly by Omar. Matt generously donated all of the proceeds to Love Dogs for Life! \$259! Thank you, Matt, for making this happen! Oh, did I mention that Matt's boat won?! (But Toby's was rated most beautiful.) It was really a fun time for all. Until next year .....

And then Saturday night, the "uptown" small businesses opened their doors and offered freebies, food and refreshments. Amanda's Skin Care, La Sirena, Eleven, etc., raffled off a basket full of goodies and gift certificates from most of Bolinas' businesses. All of the proceeds from the \$5 raffle tickets benefited Love Dogs for Life -- \$290! Thank you SO much for thinking of Love Dogs. Emma Lee and Ben and Cadence and Molly played phenomenal music into the late evening. And Love Dog Dingus was socializing with us all, thankfully home at last. It was magical.

Thank you all who donated, purchased and participated! Emery, you are amazing!

With much affection for this town,  
Cheryl Ruggiero (LOVE DOGS FOR LIFE, INC.)

Possible Rabid Fox?

I had the unfortunate sighting outside my home, of a fox tussling with the feral cat I've taken care of for 5 years. The cat has not come back since that Thursday, this last week, Thanksgiving night. There is a rabid bat warning posted around the big mesa since 10/10/18 from the Humane Society of Marin. The fox that attacked "Cinnamon" the cat, may have had rabies. I am hopeful that Cinnamon is unharmed, safe and will return home soon. There was no blood that I noticed, but it rained that night, all I found was a tiny tuft of hair. So if you see a giant cat looking distressed or lost, please notify the hearsay at - 0138; you can also write me an email; [rollinsangela787@yahoo.com](mailto:rollinsangela787@yahoo.com). Thank you so much. **MARIN HUMANE SOCIETY-415-8834621**

Minutes from the October 22, 2018, Bolinas Fire Protection District Board Meeting

Pres. Kimball called the regular meeting of the Bolinas Fire Protection District to order at 7:00PM. Dir. Gade, Dir. Shaw and Dir. Martinelli (arrived at 7:05) were present. Also present: Chief Brown, Administrative Assistant Cadance Lynam, and Captain Krakauer.

MSC Gade/Shaw (unan.) to approve the agenda with an additional action item. Action Item #3, A Discussion to Approve Needed Repairs to the Roof Flashing around Solar Tubes.

**CHIEF'S REPORT**

**NERA**  
Chief Brown attended the September 26<sup>th</sup> Governing Board meeting. The early radio order has been received; Bolinas has two new radios to work with. MERA staff met to review budget projections which were reviewed with the Governing Board. MERA staff presented proposals for change orders on a variety of contract and technical issues. The Board will further discuss the items at the October 24<sup>th</sup> meeting. The draft SEIR is expected to be completed and open for public review in November.

**Prevention**

Chief Brown has spoken to several residents about the department's neighborhood roadside vegetation removal program. They are working on speaking with their neighbors about the work.

**Roads**

The BCPUD Roads Committee and BFPD staff will be meeting again on November 14<sup>th</sup> to continue discussing moving forward with addressing encroachments into the public rights-of-ways.

The Marin County Board of Supervisors will be holding their first hearing on October 30<sup>th</sup> to consider extending enforcements of the Vehicle Code to the non-County maintained roads open for public use within Bolinas. Due to scheduling conflicts, neither Chief Brown nor Jennifer Blackman will be able to attend.

**Training**

Recent training has focused on engineering, securing utilities, and hazardous material responses.

**Volunteers**

The Annual Fire Safety Day was held on Sunday, October 21<sup>st</sup>. A relatively small turn out but everyone had a great time.

**Disaster Council**

As a follow up from last month's meeting, Dir. Shaw spoke about receiving an alert on her phone while she was in Colorado. The alert included text and a loud audible signal. Chief Brown followed up with Marin County OES regarding these alerts and why they are not used by AlertMarin. These alerts are known as Wireless Emergency Alerts, (WEA) and are sent by authorized government agencies. Tom Jordan, Marin County OES said they are currently finishing a fact sheet for the public

as they get quite a few inquiries about these types of alerts. The County does have WEA capability but they cannot pin point geographic areas like neighborhoods or even towns since the alerts are sent through a particular cell tower and targets anyone within that area. They would use WEA's during a large incident where they would not be concerned with "bleed over" into unaffected communities. For geographically contained incidents, such as the Gridded Mesa, the traditional "reverse 9-1-1" option is the best. Asst. Chief Marcotte participated in the most recent CERT class held on October 13<sup>th</sup> and 20<sup>th</sup> by teaching the Disaster First Aid portion. Thirty two students participated in the class now being held in Pt. Reyes at the former Coast Guard base.

Steve is also working with Red Cross to update our emergency shelter information and preparedness as well as speaking and meeting with our Area Coordinators.

Beth Carusillo has preliminarily agreed to come back and help us with Disaster Council public outreach.

The Great California Shake Out took place on October 18<sup>th</sup>. We took the opportunity to review the stations procedures during and after an earthquake. We then went to the school to observe their earthquake drill and evacuation. All went very well.

**Resource Recovery**

Chief Brown attended the regular meeting held on October 1<sup>st</sup>. Items discussed included the need for a new loader, a recent inspection by Marin County Environmental, they had a few concerns and will forward a report, and an inspection by Marin County Flood Control where no concerns were noted. The next meeting will be held on December 3<sup>rd</sup>.

**Building and Grounds**

Update later in meeting.

**General Operations/Administration**

Chief Brown failed to mention at last month's meeting that the new phone system, IP Flex, and internet service for the station has been activated. Our internet speed has increased from approximately 2.5 mbps to 50 mbps, we have seen a great improvement. In addition, our monthly phone bills should be less expensive. We have received one bill since activation; we are researching the cost breakdown.

There is no update on the request from AT&T to modify their tower.

Chief Brown continues to help educate various groups on the impacts to the West Marin Fire Departments if Measure W were to pass. She will be attending meetings in Muir Beach and Tomales in the next few weeks.

The department ladders received their bi-annual safety testing, no concerns were noted. With the help of Dir. Kimball, a full inspection of the District's PV system was conducted by American Solar on October 9<sup>th</sup>. The system is in very good shape, the only issue noted was the need to clean the panels in order to maintain optimal production. Capt. Krakauer was able to devise a system to clean the firehouse panels. We noted an increase in production immediately. He will try to get to the clinic's panels in the next few weeks. Chief Brown and Dir. Shaw attended a presentation by Peter Asmus and industry experts on Microgrids, on October 18<sup>th</sup>. It was very informative. Batteries are another way to provide stored power to run PV systems during extended power outages. Cost for batteries and their installation is expected to continue to decrease. The District should continue to keep informed on the possibility of purchasing battery backup in the event of extended power outages, those with the potential to last beyond two weeks. Agreeable, a low occurrence, high risk scenario.

The annual leak testing of the District gas and diesel tank was conducted. While the test went well, the technicians noted that our tank is in serious need of some work including crack repair and painting. Convault, the tank manufacturer, offers a lifetime warranty of the tank but only if it is maintained appropriately. A new tank costs around \$40,000. Chief Brown received a quote for the work, \$8,600, which will be shared by all four agencies that use the tank.

**Personnel**

We have two new Resident firefighters working with us on the weekends. One is a volunteer with Inverness FD and will start this Saturday. Our Seasonal Firefighter position will be ending at the end of October. Lucas Lind-White returned to college at the end of September but Miles Grisman has continued to work. They both have been excellent additions to the staff.

**GENERAL BUSINESS**

**Action Item #1 - Supporting the Marin County Resolution Approving the Vehicle Code Enforcement on Non-County Maintained or Private Roads Open for Public Use Within Bolinas.**

As reported at the September meeting, the Sheriff's Office has enforced vehicle code on all of the roads in Bolinas for decades. It has been in the last year or so that they determined they could not enforce on the non-County maintained roads which has led to many complaints from residents and problems for the Fire Department including abandoned vehicles and vehicles blocking access/egress. Last year, Jennifer Blackman and Chief Brown met with Sup. Rodoni and representatives from Marin County Counsels office as well as the Sheriff's Office and the County Department of Public Works to discuss a resolution to the situation. It was decided that County Counsel would draft an ordinance for consideration by the Board of Supervisors that would allow the Sheriff's office to continue enforcement of vehicle code on the non-County maintained roads.

Chief Brown attended the Deputy Zoning Administration meeting held on September 27<sup>th</sup> where the Department of Public Works presented their application for Coastal Permit approval of the ordinance. Jennifer Blackman, several residents and Chief Brown spoke about the issue at the hearing. The permit was approved. The next steps will be two hearings before the Marin County Board of Supervisors seeking consideration and approval of the resolution. The first hearing is scheduled for October 30, 2018.

MSC Shaw/Gade (unan.) to Express Support to the Marin County Board of Supervisors for the Marin County Resolution Approving the Vehicle Code Enforcement on Non-County or Private Roads open for Public Use within Bolinas.

**Action Item #2 - Changing the Date of the November Regular Board Meeting from November 26<sup>th</sup> to November 19<sup>th</sup>.**

MSC Gade/Martinelli (unan.) to change the Regular Board Meeting Date to November 19<sup>th</sup>.

**Action Item #3- Discussion to Approve Needed Repairs to the Flashing Around the Solar Tubes at the Fire Station.**

Chief Brown has been working to have the needed repairs done to the rusted flashing at the base of the five Solatubes located on the fire house roof. Capt. Pete Smith, who has completed quite a bit of work over the years for the District, has provided an estimate for the work. After speaking with County Counsel, it was determined that the District can choose to move ahead with Pete based upon the anticipated costs of the repair work and upon our existing working relationship with him.

The Board expressed that if possible, it would be best to pursue several more estimates for the work to ensure we have done our due diligence.

Chief Brown agreed, however, mentioned that we also have time constraints as the rusting is severe and rain is a possibility in mid November. The repairs to the flashing should be finished before the rain starts up again. After more discussion, it was determined that a committee consisting of Dir. Martinelli, Dir. Shaw, Capt. Krakauer and Chief Brown would be formed to pursue additional estimates for the work and would be given authority to approve the most appropriate estimate.

continued from prev page

MSC Shaw/Gade (unan.) to Grant Chief Brown, Capt. Krakauer, Dir. Martinelli and Dir. Shaw Delegated Authority to Select a Contractor for the Replacement of the Flashing Around the SolaTubes at the Fire Station.

**CONSENT CALENDAR**

MSC Gade/Martinelli (unan.) to approve the Consent Calendar.

**COMMITTEE REPORTS**

Updates from Finance and Budget, Personnel, Building and Grounds and Operational Working Group.

Finance Committee – The Finance Committee is still waiting for draft audited financials.

Personnel Committee – No update.

Buildings and Grounds – Updated earlier in the meeting.

Operations Working Group – A phone call was received last week that the new U219 should be delivered soon. The existing U219 will have to be stripped of its old equipment and U231 will be used for a short time until U219 is finished.

**GOOD OF THE ORDER**

Dir. Martinelli mentioned he received a phone call from a reporter asking about his position as a Board member and his lack of pay as such. He said it was a very brief call and he explained that the Director's receive no form of compensation for their work.

**ADJOURNMENT**

MSC –Shaw/Gade (unan.) to adjourn at 8:30PM.

Respectfully submitted,

Cadance Lynam  
Administrative Assistant

Note: Minutes of all Board meetings are available for review at the Bolinas Library and on the District's website [www.bolinasfire.org](http://www.bolinasfire.org).

**The First "True" True Thanksgiving:**

Posted on Next Door Neighbor:  
11/21/2018: 8:00 am

I originally wrote this poem ten years ago and have posted it annually. Over time it has been slightly revised.. Last year I posted it here for the first time. I received more response than from all others combined.

One was a thoughtful reply by a friend - I won't name him. He is welcomed to out himself. - who reminded me that since the early Seventies, in the wake of the Native American occupations of Alcatraz and Wounded Knee, Native American's have considered Thanksgiving by its alternate name The National Day of Mourning.

Upon consideration, I extensively revised last years poem by adding fifty percent more lines in a "P.S.", incorporating the "Reminded Truth" in his reply, both to honor that "Truth" and to thank my friend. for his efforts.

**The First "True" True Thanksgiving:  
The Village Elliott: 11/08  
Revised w/50% Added; 11/18**

*Forsooth, to make history living,  
Me thinks, best to commence my scrivving,  
Then, doth I implore thee,  
Partake of The Story  
Of Our Nation's True First Thanksgiving.*

*"Dear Priscilla, thou looketh quite prim,"  
Spake John Alden, himself looketh grim,  
"Miles Standish shall starve lest  
He gathers thy harvest,  
Else wise, his only fare, his hat brim!"*

*Proud Priscilla grinned, spread wide one lin  
"Prithee, speak for thine own self, Pilgrim!  
If Miles doth eat his hat,  
Wouldst thou care for fare, that?"  
Poised Sweet Maiden, exposed by her whim*

*Then, like Dimsdale doth to modest Hester,  
When the Rev'rend doth later molest her,  
Dear John got down to kneel,  
To Thank God for his meal,  
Saying Grace, in place to ingest her!*

*Then Prim Maiden tore off John's britches,  
Like one of Beelzebub's witches,  
Or Mad Maid from Salem  
Gadzooks, doth assail him,  
And Plymouth doth rock bundled stiches!*

*Forsooth, I have now finished scrivving,  
The true tale of Our First Thanksgiving,  
But, shouldn't we thank Squanto?  
Like Long Ranger's Tonto,  
If absent, no Paleface left living!*

**P.S.:**

*My Dear John, Poem's "True Story" is jived  
To contrast with "Truth" last verse revived.  
Explaining that Squanto,  
And Natives like Tonto,  
Are "True Reason" "We, the People" survived.*

*Composed PS' addenda in rhyme,  
To thank you for reminder sublime,  
Honor Our Nation's Day,  
Natives Mourn Fork-Tongued way  
"Grateful" Palefaces "Thanked" them each Tim*

*Forsooth, revised "True Story" living,  
Revision done, doth end re-scrivving,  
Now I doth implore thee,  
Remember True Story:  
Thank First Native's for their "True" Giving..*
