Illiteracy an obstable, study finds

By SALLY SOUPER

Illiteracy appears to be an important obstacle to being diagnosed with prostate cancer early enough for effective treatment, according to a new study by Northwestern University Medical school researchers.

The study of 212 poor elderly men found that those who were diagnosed with advanced prostate cancer when they were examined for the disease were twice as likely to be unable to read above the sixth-grade level as those who were diagnosed with earlier

Participants were eligible for free prostate specific antigen (PSA) blood tests used to screen for prostate cancer and to general medical care, including a rectal exam that often detects an enlarged prostate. The problem was that men with the lowest literacy levels were unable to make medical appointments and other wise negotiate their way through clinics and the health-care system to receive this free care, the study found.

"Among low-income black and white men, the elderly are particularly hindered by literacy barri-

JANIS IAN
Voice of a Generation. Who are the great songwriters in America today? Ask any student of the form, and Janis Ian will be counted among them. The writer of "Jesse," a song recorded by so many others that few remember Ian wrote it; "Stars," possibly the best song ever written about the life of a performer, recorded by artists as diverse as Mel Torme and Cher; and the seminal "At Seventeen", a song that brought her five Grammy nominations (the most any solo female artist had ever garnered) in 1975, and which is now reaching its third generation of listeners. Janis Ian is an American classic and musical genius.

REST IN PEACE
HENRY C. ROLLINS

Former Bolinas resident Henry C. Rollins, father of Bolinas's Angela Rollins and former husband of Diana McQuaid, died February 9, 2013 at age 75.
An artist and creator of the sculpture 'Anansi," displayed in the Oakland Museum, he had been a recipient of the Prix de Rome Fellowship, a teacher at Brown University and Rhode Island School of Design, and Professor of Art at the San Francisco Art Institute. He leaves five children, three born to Ms McQaid: Angela, Dede, and Michael.

MESA PARK BOARD MEETING
February 4, 2013 7:00 PM
BCPUD Office

Call to Order: 7:09 pm

Members present: Charles Whitefield, Jane Mickelson, Patricia Hickey, Dylan Squires
Other: Angela, Vic, Angie Calpestri, Roger Peacock

Community Expression: Angela C. reported that there are 2 Little League teams for this year: T-Ball and Farm League teams. M in-field mix is needed for the diamond. Needs about 2" of material: roughly 60' x 60'. That's about 22 cubic yrds. costing approx. $900-1000, plus delivery costs. Maybe a little over $1200 from Soils Plus in Sonoma. Sarah & Rovon have offered to help spread, as well as some of the LL parents. LL is deciding if they can help pay. [Charles] Our budget is really tight now, due to losing our funding. Talk with Suki because she knows the requirements, and we can help out as well. Let's hope we can get the major part of the funding from LL.

Downtown Park: Priorities: Hiring a manager; resolution to adopt county ordinances for both parks. Discussion ensued concerning tailoring the ordinances to fit the circumstances of the parks. Jack S. offered to write up an appropriate document. Patricia stated that we would work with the county to modify their ordinances to suit our parks and town. Once that's in place, the board can pass the resolution to implement it. The park also needs a coordinator to oversee and issue permits for vending and for weekend flea markets. Angela, Dylan, and Roger will work together to set up a usage plan. Charles reported that there has been vandalism in the public toilets at the parks and in the Bolinas Community Center. We need to write up a job description for a manager. Tree work needs to be done on the remaining eucalyptus on the hill above the DT park. Roger reported that they are finishing up the work that required permits to get it all signed off. Then there are the discretionary things to do: finishing the roof on the pavilion, and then pour a concrete slab; repair the sidewalk up to the garage. Some parents met and suggested a tugboat for a play structure. Charles reported that there is unsupervised and unauthorized use of the power outlets. The circuit breakers are outside and need to be locked. We need locks on the gates, and keys for the people in charge of maintenance. He'll take care of the locks. Also expressed concern over the left-over stone. Jack suggested that the leftover stone would be good for edging the driveway, and mentioned that the donor would like to see the design for what it would look like before implementation.

Maintenance Report: Suki not present. Patricia said that making sure the ball field is in good condition should be a priority.

Pool Development: [Jane reporting for Anna] The pool committee is now initiating the planning phase of the capital drive. The committee needs to go to the BPUD board at this point and present their plans to them.

Irrigation Report: Discussion concerned obtaining construction documentation for the Mesa Park (clinic and fire station) from the Coastal Health Alliance in Pt. Reyes Station to confirm payment for lift station. The figure is needed for the grant funding. Patricia reported that Bryan contacted CHA to obtain the contracts but they had stored the records elsewhere, as had Oliver & Co. She is going to help Bryan find them.

Treasurer's Report: Dylan reported that there is about a year's worth of budget funds left in the MP account. The pool project savings account has been closed to save on fees. Biggest expense this month was the DT park bathroom maintenance.

Approve Warrants: Patricia moved to approve. Jane 2nd. All aye.

Other: Approve preliminary use plan for Mesa Park [postponed]

Up-date on election status: Next ballot initiative: costs, timing. It's too late and too expensive to get on the mail-in ballot in May. We can aim for June or November. Need to have a concerted effort, outreach to parents and families and others who use the park to help publicize the Measure.

Approve Minutes: Patricia moved to approve, Dylan 2nd. All aye.

Next meeting: March 11, 2013, 7:00 PM

Meeting adjourned: 9:26

Easter Egg Hunt !

Word on the street is that the Easter Bunny is going pay a visit to St. Aidan's Church on Easter Sunday morning, March 31! You're welcome to join us to hunt for the eggs he hides! Easter worship is at 10 a.m. and the Easter Egg hunt will be right after church (about 11:15.) No need to bring a basket; we'll have bags to decorate. You'll find us at 30 Brighton Avenue: just come through the gate and into our garden ...

THREE GREAT THINGS ABOUT THIS PLACE...

(1) The new benches, hand-crafted by Espenet, in front of Bobolicious. Get a smoothie and sit.

(2) The distinctive poignant cry of the wild geese making their way North to warm-weather feeding grounds.

(3) An equinox hike: down to Agate Beach, along Duxbury Reef, then following the tide-line to downtown, on a warm spring day.

On the Subject of Gracie

About 8 years ago I went for a run down Poplar and then out into Holter's field. Gracie picked me up by the Siedman's and trotted alongside. Fine with me, I like dog companionship on runs. When we got out to the cliff, I tried to get her to go home, but she wouldn't. So the 2 of us went down the steps.

It was a real high tide, and I tried to get her to go back up. To no avail. She followed me along the beach and the water was coming right up to the base of the cliffs. Gracie wasn't about to turn back, so I picked her up and carried her to dry land, and we continued on our way to Agate Beach, up the hill, and to our respective homes.

When I see Gracie these days, I can tell she doesn't remember that day, or me. But I do.

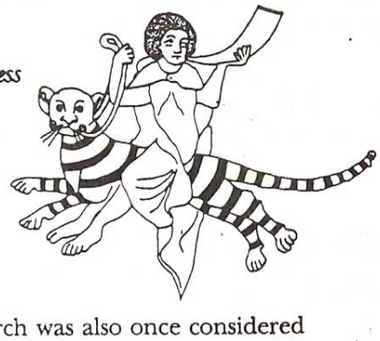
Mars and Neria/Lady Day/Return of the Goddess



The festival of Lady Day (the Annunciation) celebrates the conception date of the divinity that enters the world on 25 December. Goddess worshipers call this day the Return of the Goddess. The 25 March was also once considered to be the date of the creation of the world. Pictured above is a drawing of one of the earliest representations of the goddess Freya from Schleswig Cathedral in Germany. The sigil at left is a traditional one for spring.
