West Marin Choir - Songs of Death, Grief and Renewal
10/01/2019 - 7:00pm to 8:30pm

Sonomusette - Music of 20th Century Paris
10/01/2019 - 7:30pm to 9:00pm
SonoMusette recaptures the moody, melancholic sound and spirit of mid-twentieth-century Paris. French chanteuse, musette accordion, guitar, piano, upright bass, and drum kit combine to revive the enchanting songs of the era.

Olli: What Economists Know About Important Policy Issues
10/11/2019 - 1:30pm to 3:15pm
Economics plays a central role in the functioning of every aspect of society. It plays this role primarily through the actions of governments at the federal, state, and local levels. Given the centrality of the role of economics, this course will address a set of prominent policy issues for which economics is at the core. We will explore what the economics profession collectively understands to be true about the issue, while not prescribing a specific policy solution.
Location: Church

Parent & Child Yoga- Presented by the Marin County Free Library
10/14/2019 - 10:30am to 11:30am

All parents and caregivers are encouraged to come with their babies and preschoolers. Call (415) 663-8375 or visit marinlibrary.org for more information.

Point Reyes Community Lunch
Every Thursday - 12:00pm
By West Marin Senior Services 415-663-8148, x.104.

THREE GREAT THINGS ABOUT THIS PLACE...

- Birthdays, birthdays, birthdays. Well, we sure know what people were doing with those long January nights, nine months earlier.

- A visiting contingent of smoking-hot kid soccer players showing up for the Sunday game.

- So, the last of the berries have gone, and the last of the pit fruit—but we still have apples and melons coming in.

--- Ned Riley

But people?

An exhibition by Pawel Kruk
5-18 October 2019
Opening: Friday, 4 October, 2019, 6-8 p.m.

Farm Stand
140 Olema-Bolinas Road
Bolinas, CA 94924

When: Tuesdays 6-7pm in Sept and Oct
Where: Cement pad @ the end of Poplar
overlooking the ocean
Bring: Warm clothes, yoga mat (if you have one), and a blanket
Recommended donation: $10-20 (NOTAFLOR)
More Info: ‘Bolinas Nature Yoga’ on Facebook
Dear Bolinas,
The Bolinas Community Center is looking for someone to help do the Community Thanksgiving Feast on November 28th, 2019.
Ilka Hartman will be out of town for this year’s feast and the BCC is hoping to find someone who would be willing to take it all on.
If you are interested please contact the office at 415-868-2128 or email kateross@bocenter.org

Thank you all so much
Sincerely
Randi, Kate & The Board of Directors

at Sirima Sataman and Walter Murch’s farmhouse
Saturday, October 5th, 7pm,
77 Olema Bolinas Rd

Come to dinner and a performance at the Blackberry Farm on Saturday, October 5th! The show will be about love, in love, and the stars that grandma left shining for us. Performed by dancers of the SF Ballet and kids from the neighborhood. Drinks and dinner will be served before the show. Suggested donation is $10-20.

Elicita

Community Meeting regarding the College of Marin - Bolinas Science Field Station / Marine Laboratory

There will be a presentation by the College of Marin of the most recent plans for COM’S Science Field Station on Wednesday, October 2, at 6:00 p.m. in the Bolinas Fire House Community Room. All interested members of the Bolinas Community are asked to attend.

The current plans have evolved from a series of exchanges between COM and a local BCPUD committee working group with Jack Siedman representing the BCPUD; other members included Kathy Bustamante, Ralph Camiccia, Eric Karpeles and Kent Khitkian.

In agreement with COM’S findings, the working group believes that due to: (1) the extent of mold; (2) the presence of large amount of asbestos-containing materials and (3) the modifications, substantial construction, and resulting loss of space that would be required to comply with the Americans With Disabilities Act and current building codes, the preservation of the Coast Guard Station building is no longer feasible.

The working group reviewed each successive plan and made detailed recommendations to COM. At each stage COM has promptly given our concerns and recommendations serious and thoughtful consideration. In that process COM has made a number of changes and accommodations in response to the working group’s recommendations.

What has evolved from that dialogue is a new plan that presents an attractive, functional building that is architecturally more consistent with the surrounding structures on Wharf Road than the plan previously presented by COM to the community. Copies of the plan are now available for anyone to review at both the Bolinas Library and at the BCPUD Office.

submitted by Kent Khitkian,
the BCPUD committee working group.
What Happened
9-30-19 Monday Morning Recap
from Jennie Pfeiffer

Here we are to the last day of the month, just as I was settling down to start my September "To Do" List in earnest. Not sure how that happened, but the month has flown by in a blur of activities and birthdays. September is that ninth month of the year, nine months after the exuberance of New Year’s Eve celebrations, so birthdays do seem to fill this month as a result of recklessness abandon during the winter holidays, 9 months earlier. That means lots of birthday parties this month, many of them stacking up these last two weekends. Happy birthday to all of you Virgos, who do seem to throw super parties, organized down to the last detail, and then the Libras, ruled by Venus and balancing the tangible scales of the Zodiac, as they step in on September 23 along with the equinox, rounding out the September party season.

The fog finally rolled in, giving us a reprieve from that super hot spell. Then it took the heartiest of parders to hang on to their appetizers and party hats as the weekend winds almost blew Saturday right off the calendar. This morning, before dawn, there was a cool light rain, rounding out the forecast to give us a Whitman’s Sampler of weather the past week or so, a little bit of everything.

The week’s events were numerous, starting Monday with a well-attended after-school Lego Club at the Bolinas Library; followed Tuesday morning with a School Board of Trustees strategic planning special meeting that began the process of brainstorming ideas for our new 3-year plan. There was good input from staff and parents and there was talk of having a District wide evening meeting for community members to be able to give input as to how we want our school to look to best meet the needs of our students. This is just the beginning of this process, so we will be posting information about dates for upcoming opportunities to offer suggestions, requests, concerns. Also on Tuesday there was a Hearsay News Staff meeting that covered a variety of matters, starting with the 2020 868 Bolinas-Stinson Beach Phone Directory. Updates are always the biggest difficulty, especially now with so many residents using cellphones more frequently, giving up their landlines. To move the update along more quickly, we will be having a Community Calling Party on October 15th at the Bolinas Community Center from 3:00 to 6:00. We'll be serving pizza and libations, so bring your information, and phone to help make update calls.

Wednesday was an all-school assembly with a delightful skit by the 7th grades about recycling and reminders about how important it is to Reduce-Reuse-Recycle. If your kids are bugging you about that, there's the important reason.

Thursday evening was the first Cobb Oven pizza night of the school year, introducing the Art, Music, Movement, Library, and Resource Specialists. It was well attended and an excellent night.

Big thanks to all those who worked on hosting the K.I.N.D. (Kids In Need of Defense) event on Saturday, raising awareness and funds for all the children detained at our Border, and for our local family separated from their dad who has been sent to Mexico by ICE. They raised $5,000! Good work! If you would like to contribute contact Pam Springer, edchiera@gmail.com or Lia Kourula.

Thanks to everyone who has contributed to the health fund for Don Deane. He has done so much for so many.

And finally, here's a shout out about Keith's Burrito Cart, with burritos available by the Book Exchange Thursdays through Sundays. They are excellent. ip

DEGENERATORS OF OUR PEACE

With typical short-sightedness, the county administers the passage of another law, this time it's about permitting those residents with petrol-fueled electric generators to operate those generators if and when intentional power outages are initiated by Pacific Gas and Electric* without first considering public impact completely: instead the sound of an operating generator was given pre-eminent consideration.

Well. Of course sound is significant, but a single word hardly covers anything close to actually describing a continuous drone in the backyard of a neighbor’s house: as well as equally loud generators on the other side of the street and your neighbour next door to that one. Nor has it been considered that rise and fall of the sounds these generators of electricity make as it meets the changing demands placed upon them as the homes they electrify turn on, turn off, lights appliances, washers, dryers; you get the picture. This is peanuts. Sound leaves no debris, it does not clog the pores or cover the leaves, it doesn't lie dormant outside your door, but generator exhaust does. What about “spare the air days”? How would you like to have your neighbors, plural, leaving their cars running all day til none at night? How does that “sound”? 

Where is this new order of human behaviour taking us, and why on this green earth were we not consulted?!
Point Reyes Station, California, September 28, 2019.— Rotary members in West Marin are taking action for World Polio Day on October 24 to raise awareness, funds, and support to end polio, a vaccine-preventable disease that still threatens children in parts of the world today.

WHAT: Rotary Club of West Marin Polio Education Event

WHO: Gary Chow, Annual Fund Chair for Rotary District 5150, will speak about recent breakthroughs in polio eradication and what we can all do to eradicate polio.

WHEN: October 23, 8-9 AM

WHERE: Toby's Feed Barn Gallery, Point Reyes Station

When Rotary and its partners launched the Global Polio Eradication Initiative more than three decades ago, polio paralyzed 1,000 children every day. We’ve made great progress against the disease since then. Polio cases have dropped by 99.9 percent, from 350,000 cases in 1988 in 125 countries to 33 cases of wild poliovirus in 2018 in just two countries: Afghanistan and Pakistan. And we remain committed to the end.

With polio nearly eradicated, Rotary and its partners must sustain this progress and continue to reach every child with the polio vaccine. Without full funding and political commitment, this paralyzing disease could return to polio-free countries, putting children everywhere at risk.

Rotary has committed to raising US$50 million each year to support global polio eradication efforts. The Bill & Melinda Gates Foundation has pledged to match that 2-to-1, for a total yearly contribution of $150 million.

Anne Sands, President of Rotary Club of West Marin 2018-2020, says "Rotary has contributed more than $1.0 billion to ending polio since 1985, including annual donations from the Rotary Club of West Marin. Please join us on October 23 to learn more about polio eradication efforts worldwide."
