GLEANINGS *Mary Barror*

Create heaven
Wherever you are

ISHWAR-KAKA

Touched by An Angel

We, unaccustomed to courage
exiles from delight
live coiled in shells of loneliness
until love leaves its high holy temple
and comes into our sight
to liberate us into life.

Love arrives
and in its train come ecstasies
old memories of pleasure
ancient histories of pain.
Yet if we are bold,
love strikes away the chains of fear
from our souls.

We are weaned from our timidity
In the flush of love's light
we dare be brave
And suddenly we see
that love costs all we are
and will ever be.
Yet it is only love
which sets us free.

- Maya Angelou

You have to bloom
Wherever
you are planted
Keep serving
through small
acts of love,...

Ishwar-Kaka

OUR HOME

OUR HOME IS FULL OF STUFF:
accumulations of books,
cards and letters filled
with loving thoughts
from all kinds of occasions,
photographs of memorable times,

But mostly our home is filled
with heartfelt thanks
of having lived open-armed
to JOY,
and the embraces of
kindred souls.

Magi Barror

You clean
the outside world
as a way
to clean
your mind

**BOLINAS COMMUNITY
PUBLIC UTILITY DISTRICT**
BOX 390 270 ELM ROAD BOLINAS
CALIFORNIA 94924 415 868 1224

**NOW HIRING
POSITION AVAILABLE: FULL-TIME
SHIFT OPERATOR**

The BCPUD is seeking to hire a full-time Shift Operator (water and wastewater) effective immediately. Interested candidates must possess and maintain at least Grade 1 Water Treatment and Grade 1 Water Distribution certifications, or must obtain and maintain such certifications within 12 months of employment; in addition, interested candidates must possess and maintain at least a Grade 1 Wastewater Treatment certification and at least a Grade 1 Wastewater Collection System certification, or must possess and obtain such certifications within 24 months of employment. The schedule for this position is 40 hours per week (including rotating and/or regularly scheduled weekend shifts), plus rotating weekday/evening stand-by shifts. Stand-by shift pay (\$53.00) and overtime compensation in accordance with California state law also will be paid. Compensation includes an hourly rate of pay (\$22.15, which is \$46,072 (gross) annually – negotiable based on experience, certifications and other qualifications) plus a full benefits package, including paid vacation, paid holidays, paid sick leave, eligibility to participate in the district's retirement and deferred compensation plans, and medical and dental insurance for the employee (fully paid by the BCPUD for the employee, 50% paid by the BCPUD for employee's dependents), all as allowed by the terms and conditions of the applicable policies and plans. Interested candidates also must have a valid California driver's license, a clean DMV record, a high school diploma (or equivalent), a social security number and a demonstrated ability to work cooperatively and constructively with others, as well as independently. Basic plumbing knowledge, electrical knowledge and experience with heavy equipment are also desirable.

For more information, including an employment application and complete position description, please contact the General Manager at 868-1224, stop by the BCPUD offices, 270 Elm Road, Bolinas, between 9:00 a.m. and 1:00 p.m., Monday through Friday, or download these documents from our website: www.bcpud.org.

BCPUD is seeking to fill this position as soon as possible and will accept applications and interview candidates until the position is filled. The first round of interviews for this position will be conducted during the week of November 28, 2016. To be considered for this first round of interviews, please submit an application no later than Friday, November 18, 2016 at 3:00 p.m.

Dear Bolinas Creatives,

Art is healing and a connection to spirit, Time and collective consciousness.

Bolinas is a spiritual place of healing. When Bolinas opens arms to A soul, One knows the feeling of being an individual square on a quilt, each one unique and quirky and completely one-of-a-kind, And yet when all the squares are sewn together there comes an ability to warm, commune.

From this place, An idea emerged. There is an abundance of artists and healers here in this place, how important that there be regalia that both reflects and embodies this crucial and nourishing energy. A magical cloak to materialize and invoke creative healing energy.

I am asking the universe for the honor of facilitating the creation of this healing art regalia, And I am asking you if you want to be part of the process by creating a either a charm, A quilt Square, or a woven crocheted or knitted piece of fabric that will then be woven into this magical garment.

I ask that the charm, Or fabric be made out of non-toxic materials, And that while you make your addition to the piece, please be conscious of channeling healing energy, love and support.

I will need the completed charm, or fabric by February or earlier.

The Community cloak will travel to people in need of healing energy.

Also, feel free to Contact me if you have any ideas for various rituals that The community cloak can be involved in. Or if you would like to volunteer to bring the cloak to people in need.

Thank you,
Kale Likover

Thoreau in BO

Thank you to Eric Karpeles for staging the group reading from Thoreau's journal at Commonweal on Sunday.

Two lecterns were set up to speed the passage of 40 people reading passages from Thoreau. Even then the reading took over two hours.

But it was two hours of immersion in the wisdom of the natural world as seen by Henry David Thoreau in Concord, Massachusetts in 1854.

There is something wonderful (not at all virtual) about listening live to 40 different personalities tossing out tasty kernels of Thoreau thought - education and entertainment at its best.

There is a striking similarity between Thoreau and the Soul of Bolinas. He states that he would rather saunter West than East. In Bolinas that would be a choice between the beach and over-the-hill.

Thoreau is inspiring, an American Taoist monk from Massachusetts, following the Watercourse Way to Walden and beyond.

May we all be so inspired to follow the Watercourse Way to Bolinas and beyond.

-StuArt

(about the cover drawing)

Amazing how the spirit of Henry David Thoreau has entered my life. I lettered "sauntering" on the back of a custom Thoreau coat. Now I no longer walk to check my mail, I saunter. The most recent transmission from HDT (Henry David Thoreau) happened when I was retouching a sketch I had made at the reading (see cover)

As I worked on my drawing of Pam Fabry in the front row suddenly HDT appeared in her place. It was spooky to witness the apparition, but I was immediately taken by the portrait.

There HDT sat, with his head bowed carefully listening to his own words read by the 40 people at Commonweal. He was wearing a hat - the same hat where he stored plant specimens that he collected as he sauntered through the woods. He had a bemused look on his face that captured my heart.

Hard to imagine, but I believe the Spirit of Henry David Thoreau was present at Sunday's reading. I have proof.

-StuArt

BOLINA FIRE PROTECTION DISTRICT

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that the Board of Directors of the Bolinas Fire Protection District, will consider adoption of Ordinance 15-2016 adopting and modifying the California Fire Code, International Fire Code, and Appendix A of the International Wildland-Urban Interface Code prescribing regulations governing conditions hazardous to life and property resulting from Fire or Explosion; providing for the issuance of permits for hazardous uses or operations; and defining the powers and duties of the Fire Loss Management Division and Officers.

The Board of Directors will conduct a public hearing on this matter on **Wednesday, November 9, 2016, at 7:00 p.m.**, at the Bolinas Fire Station, 100 Mesa Road, Bolinas, California.

Copies of proposed Ordinance 15-2016 are on file at the office of Bolinas Fire Protection District 100 Mesa Road, Bolinas, CA. and are open to inspection Monday through Friday, 9:00 a.m. to 5:00 p.m.

Marin. For grades 6 - 8.

Minutes from the September 26, 2016
Bolinás Fire Protection District Board
Meeting

Pres. Bass called the regular meeting of the Bolinas Fire Protection District to order at 7:00PM. Dir. Gade and Dir. Kimball were present. Vice Pres. Chiera and Dir. Shaw were absent. Also present: Chief Brown and Admin Asst. Brown. MSC Kimball/Gade (unan with two absences) to approve the agenda.

CHIEF'S REPORT

Mera

Chief Brown was unable to attend the regular MERA meeting on Wednesday August 24th. Reports were received on the Strategic Plan Implementation, the Project Oversight Committee and the Tomales Site documents. An addendum was accepted for the contract between Federal Engineering and MERA regarding the providing of wireless communications in support of the Gen II system.

Asst. Chief Marcotte attended the MERA Operations meeting held on September 7th. Discussion included the proposal received from Motorola and necessary changes required involving the height, placement and number of new communications towers.

Asst. Chief Marcotte and Stinson Fire Chief Kenny Stevens attended a meeting with MERA and Motorola representatives. Chief Marcotte and Stevens, after discussion with Inverness Chief Fox and Chief Brown, decided to attend the special meeting without invitation as there is great concern among all West Marin agencies regarding how Gen II will interface with the volunteer paging system. The current low band system used is reaching the end of its technological life span and Motorola has already begun to not support the system in regards to replacement parts. Chief's Stevens and Marcotte wanted to convey at the meeting that we are aware of the issues and wish to work cooperatively and in a timely manner to resolve any problems. Dir. Kimball asked if perhaps MERA could reissue the RFP in order to receive other proposals from other providers besides Motorola. Chief Brown responded that that option has been discussed, and mentioned to Motorola, but not decided upon. He asked how committed MERA is to the paging issue in West Marin and if they are bound to address the unique needs of West Marin agencies in the new system. Chief Brown answered that since West Marin agencies are paying members, the new Gen II system will address the paging issues and needs in our area. He then asked which West Marin agencies are included in the MERA proposal for the Gen II system. Chief Brown answered that while all West Marin agencies, including Bolinas, Stinson Beach, Inverness, Tomales, Nicasio, Muir Beach and Marin County, utilize MERA, only Marin County, Bolinas, Inverness and Stinson Beach are MERA member agencies.

Prevention

Chief Brown gave an update later in the meeting under General Business.

Inspections

None.

Planning

20 Nymph Road – Demolish existing residence, construct new one
324 Ocean Parkway – Addition
23 Rafael Way – Single family residence remodel
28 Crescente – Single family residence

555 Dogwood – New Construction
210 Laurel – Legalize second unit, new guest house
350 Lauff Ranch Rd. – Legalize multiple structures
4900 Shoreline Highway - Remodel
120 Horseshoe Hill Rd – Addition, remodel
10 Olema-Bolinás Rd – Second Unit
11 Brighton – propane tank placement
370 Overlook – Remodel, addition of 2nd unit
100 Mesa Road – AT&T Communications Tower Modification
12 Olema-Bolinás Road – 2nd Unit
105 Wharf Road - Lifting

Grants

The District received \$4,000, of the West Marin Emergency Services grant funding. Historically, West Marin agencies share approximately \$96,000 of funding from the National Park Service to alleviate the impacts of responses to surrounding Park lands. The majority of the funding goes to Marin County Fire Department to partially fund the summer ambulance stationed out of Stinson Beach. The remaining funds are split between the remaining agencies with Bolinas typically receiving \$8,000. Due to agreement negotiations between the NPS and Marin County Fire Department, the funds this year have been reduced. Reception of the other half of the grant monies is currently undetermined. Typically, the funds are used for wild land response equipment and Personal Protective Equipment (PPE).

Training

Training continues with focus on response to Coast Trail calls. The last several drills have focused on Low Angle Rope Rescue training. Classroom training culminated in a hands-on training in the field, practicing securing a patient into the stokes basket, setting up safety lines and hauling systems and removing the patient from a hillside. Chief Brown thanked Asst. Chief Marcotte and Capt. Krakauer for their excellent guidance and training.

Asst. Chief Marcotte, FF Pete Maendle, and FF Joe Walker attended an Off-Road Driving class in E265 provided free of charge by Marin County Fire. The class took place on the hills of Hicks Valley on Friday, September 16th. The valuable training focused on safety skills for driving large vehicles loaded with water on steep grades and loose dirt. The training will be shared with the rest of the volunteers in the District. Capt. Krakauer will be attending training on Marin County's 911 Referral System. As per the Grand Jury Report, more agencies are being required to participate in order to more readily recognize seniors in need of services. The Novato Fire Protection District is offering the training free of charge. Capt. Krakauer will bring the training back to the District for the rest of the volunteers.

Chief Brown taught CPR to West Marin Senior Service care givers and members of the public on September 24th. A renewal CPR class is scheduled for the Volunteers on September 22nd.

Volunteers

Two new potential volunteers have recently attended trainings.

The Volunteer Association voted to purchase new furniture for the Day Room. A new couch and two new chairs are scheduled to be delivered on September 21st.

Apparatus

U231 received an annual safety service at Cheda's Garage in Point Reyes Station. No problems were noted.
E285 received its annual safety service at Diego Truck Repair on September 29th. No problems were noted.
U219 is scheduled to be serviced next at Cheda's Garage on October 10th.

Disaster Council

Cadance Lynam is now the new Bolinas Disaster Council Coordinator. She and Chief Brown meet each week and are working on organizing a large scale radio training involving Stinson Beach and Muir Beach. Richard Dillman has graciously offered to assist once the logistics have been worked out. The next Community Emergency Response Training will be taking place in Nicasio on October 15th and 22nd. Chief Brown will be teaching the Disaster First Aid portion as well as helping with the scenario training at the end of the second day.

The draft agreement between the Bolinas Community Health Clinic and the Bolinas Disaster Council to use the clinic premises during a disaster is still under review. Steven Siegel, the Director, has concerns regarding non-clinic employees working in the clinic due to the sensitive nature of records as well as liability issues. Chief Brown has begun requesting copies of licenses from Disaster medical volunteers to keep on file.

Resource Recovery

Chief Brown attended the most recent meeting on September 13th. Attendees included representatives from Stinson Beach Fire, BCPUD, State Regional Water Quality Control Board, and the Marin County Environmental Health Services. Jeff Creque, a biologist with vast experience with green waste and compost sites, attended as an advisor (and has from the beginning of the site development) along with Mike Aitken, the Resource Recovery Manager. The site visit was held to access the setback requirements from the drainage ditch and the irrigation well. BCPUD has been working to acquire an exemption to the setback requirements that were defined under new rules adopted by the State of CA. The new rules are adversely affecting smaller sites such as Resource Recovery due to a lack of adequate space. The new rules are particularly concerned with sites that compost animal and food waste along with green waste. While other sites in West Marin do accept animal waste, Resource Recovery only accepts vegetation. Also, GM Blackman has been asking for an exemption to the setback requirements during the summer months as the nearby waterway is completely dry during those months. The State representative noted that the nearby waterway was dry and with the earthen berm in place between the water way and the material, there is little to no chance for cross contamination. He approved the variances for the setbacks for the well site and the waterway. The County representative stated that she would follow the recommendations made by the State representative. All issues look likely to resolve leaving the site operational.

Building and Grounds

No update.

General Operations/Administration

Chief Brown reported that all the work that was sited to be completed during the last meeting with the National Park representatives regarding Coastal Trail maintenance and upgrades has been done.

NEEDED-PART TIME PARK MANAGER

Firehouse Community Park Agency is looking for a Park Manager. This is part time position averaging approx. 10 hours per week. The Park Manager will be responsible for both the Downtown and Mesa Park facilities. This is an 'at large' position and the manager needs to be available by phone or email should issues arise that require immediate attention. Duties include but not limited to:

- Attending monthly board meetings. (Board meets 2nd Monday of each month)
- Act as the key point of communication between the board and its vendors, project managers and contractors as necessary
- Tracking Measure A expenditures and acting as the key contact for work plans and reporting to Marin County.
- Update and maintain website as needed.
- Consulting with the board on findings during your duties
- Overseeing the maintenance of both facilities and facilitating maintenance work as needed.
- Act as the first point of contact with the public when issues arise and reporting any issues to the board.

As a part time position some days there may not be anything that needs attention but the manager must be available should an issue arise. We would prefer to hire someone local to west Marin as very often things come up that require the manager coming down to speak to someone, or unlock a door, or knowing who the key players are in Bolinas. Knowledge of wells, irrigation, and local water issues a plus. Salary commensurate with experience. Please your send resume along with a brief introduction telling us why you are a good fit for this position to: mesaparkboard@gmail.com www.bolinasparks.org
