Today's Hearsay by: StuArt Chapman, ed. June McAdams, ads printed by A. Blecker

(choose one: Alex Blecker, Nicole Lavette, William McGovern)

Dear Friends,

I want to thank all of you who one way or another wished me luck during this recent school board run. Please don't be disheartened by my loss. I feel all the board members will remain open to my input and ideas. We are a small school and community and there are many ways I will influence outcomes going forward. My energy is not dampened by yesterday's vote. I will remain more free, and with more time, to work on the specific school and community-related issues I consider most pressing.

As I've been here less than 10 months and preferred not to campaign beyond the personal letter I sent to voters, I'm ok with the result. I received 325 votes which are about 275 more than the probably less than 50 registered voters I've actually met. Please also don't feel we just missed it had we only campaigned harder. I still lost by 70 votes and it would have likely taken a lot of time and energy campaigning to possibly get those votes.

As you'll learn in the upcoming weeks, I've been putting that time and energy to good use. And I have now met many of you during this process. This is all great progress.

Please stay tuned and keep an eye on this website, VisionForCommunity.org, where I'll share my thoughts on ways for us all to strengthen the school, and equally important, our special community that I'm so pleased to be a part of.

Warm Regards,
Steve O'Neal

MAD Magazine 1968. Some things don't change.

See the Super Patriot.
Hear him preach how he loves his country.
Hear him preach how he hates "Liberals"...
And "Moderates"... and "Intellectuals"...
And "Activists"... and "Pacifists"...
And "Minority Groups"... and "Aliens"...
And "Unions"... and "Teenagers"...
And the "Very Rich"... and the "Very Poor"...
And "People With Foreign-Sounding Names".
Now you know what a Super Patriot is.
He's someone who loves his country
While hating 93% of the people who live in it.

West of Roan THIS FRIDAY! 7pm at the Farmstand

West of Roan creates performances using the storytelling methods of song and puppetry.

They draw inspiration from the old myths and legends to explore relationship to the wild self, and the things that come up along the way: fear, darkness, demons, love, isolation, joy and transformation. They use light and shadow to set the scene. Their puppets walk, swim, and fly within and between the topside world and the one below- where creatures and intricacies of the subconscious live.

Close two part harmonies explore how singing uplifts and unites their collaboration and friendship, revealing that sounds and chordal structures can bring us closer to the complex emotions in the stories told.

Dear Editor,

KWMR would like to thank everyone who helped us reach our Fall Pledge Drive goal of \$50,000. Pledge drives happen twice a year, in spring and fall, and constitute 25% of KWMR's operating budget. We thank the phone volunteers, the food donors, those who contributed challenge grant funding, the KWMR Board, the staff, the volunteer programmers, and each of you who contributed any amount towards the goal. The smallest donation was 35 cents, every penny counts.

Friday 12 - 5 PM • Roadside In Our Field

Minutes from the September 24th, 2018, Bolinas Fire Protection District Board Meeting

Pres. Kimball called the regular meeting of the Bolinas Fire Protection District to order at 7:00PM. Vice Pres. Chiera, Dir. Gade, Dir. Martinelli and Dir. Shaw were present. Also present: Chief Brown, Administrative Assistant Cadance Lynam, Captain Krakauer and Meg Simonds.

MSC Shaw/Gade (unan.) to approve the agenda.

CHIEF'S REPORT

NERA

No Update. The next meeting is scheduled for September 26th.

Prevention

The first project partially funded by the BFPD Roadside Vegetation Reduction Project was completed on Yucca. The funds are intended to help neighborhoods on publicly traveled, non-county maintained roads reduce the roadside vegetation. The roads must serve at least three residences, all residences in the area must be informed of the intended work and the roads must be public rights-of-way that are open to public travel. Each approved project is eligible for up to \$500.

Roads

The BCPUD Roads Committee and BFPD staff will be scheduling a second meeting to discuss the next steps in addressing encroachments into the public rights-of-ways.

On Thursday, September 27th, Chief Brown will be attending the Deputy Zoning Administration meeting where the County of Marin Department of Public Works

will be addressing their application for the Coastal Permit approval to designate the non-County maintained roads that are open for public use to be subject to the provisions of the California Vehicle Code and granting authority to the County Sheriff to enforce. The Sheriff's office has enforced vehicle codes on the dirt roads of Bolinas for decades. It has only been in the last year and a half that their office determined they could not enforce on the non-county maintained roads which has led to a great many complaints from residents and problems for both residents and the fire department including abandoned vehicles and vehicles blocking access. Last year, Jennifer Blackman and Chief Brown met with Sup. Rodoni and representatives from Marin County Counsel's office as well as the Sheriff's office and the Department of Public Works to discuss a resolution to the situation. It was determined that County Counsel would draft an ordinance that would allow the Sheriff's Office to continue with their ability to enforce vehicle code on the non-County maintained roads. This hearing is a step in completing that process.

After more discussion from the Board it was decided that this subject will be an agenda item at the October meeting to provide support.

Inspections

- 120 Horseshoehill Rd – 4291
- Bolinas Community Center – Re-inspect Fire and Life Safety
- 288 Mesa Rd – 4291
- BCLT, 6 and 10 Wharf Rd – Re-inspect Fire and Life Safety
- 230 Alder – Fire Permit

Planning

- Ongoing-
- 20 Nymph Road – Demolish existing residence, new construction
- 324 Ocean Parkway – Addition
- 350 Fern – Studio addition
- 415 Yucca – Legalize Second Unit
- 380 Larch Road – New septic system, habitat restoration
- 210 Laurel – Legalize second unit
- 350 Lauff Ranch Rd. – Legalize multiple structures
- 120 Horseshoe Hill Rd – Addition, remodel
- 10 Olema-Bolinas Rd – Second Unit
- 370 Overlook – Remodel, addition of 2nd unit
- 12 Olema-Bolinas Road – 2nd Unit
- 105 Wharf Road – Second Unit
- 46 Horseshoe Hill Rd – Addition/ Remodel
- 190 Ocean Parkway – Remodel

New
None

Grants

None.

Training

Recent training has focused on re-certifying everyone in CPR and the use of the Auto-Pulse, extrication of patients from vehicle crashes, private water supply operation and the preplanning of downtown structures.

Volunteers

Unfortunately, our new potential volunteer, Jackie Blumeyer, will not be able to volunteer with us as she had to leave the area.

Apparatus,

No Update.

Disaster Council

With assistance from the California Highway Patrol and the Marin County Sheriff's Office, the first Bolinas Evacuation Drill was held on Saturday morning, September 22nd for the residents of the gridded Mesa. Residents were sent a message from AlertMarin on Friday evening informing them of the drill and another message was sent on Saturday morning announcing the start of the exercise. Residents were asked to evacuate their home and drive to the station for information. All in all we consider the drill a large success.

Approximately two hundred residents participated. There were some issues that were identified, which is exactly why we have a drill: to identify problems and address them. Some folks did not receive the phone message, we are researching why. Some folks may have hung up on the message as there is a five second delay before the message plays. Since so many phone calls need to be made, they are staggered so not everyone got the call at the same time. Some left home before the message was received. We are also looking into the possibility of a Spanish language message as noted by Director Chiera in the Hearsay today. While the phone messaging and texting is a very important tool, it is not 100% reliable. As someone at the drill noted, the cell service could be down for some reason or phone lines could be unusable. Chief Brown emphasized that the phone calls and text messaging is just one of the tools that would be used should an evacuation watch or warning be needed. Our Disaster Council would be activated and the fire department and law enforcement would be driving the neighborhoods much more thoroughly than was done Saturday morning. Our intent with the drill was to bring awareness to residents about evacuation and how to be prepared for it. We feel this first step was a big accomplishment in that direction and gives us a good foundation to continue to build from. We intend to conduct drills annually. Assistant Chief Marcotte did an excellent job of planning and executing the drill. Chief Brown extended deep gratitude to him for his work.

President Kimball and Vice President Chiera noted how smooth everything went and how well people worked together.

Dir. Shaw mentioned receiving a very loud alert on her phone while she was visiting Colorado and thought it should be used here as well as many people may not hear their text alert. Dir. Martinelli explained that Marin County does have the ability to issue such an alert, called a Wireless Emergency Alert or WEA, but that it is decided at the County level when to use it. Chief Brown will research the issue further. Chief Brown also thanked Richard Dillman and Ian Johnson for their work in upgrading the fire station Disaster Council antenna. Many of the Area Coordinators saw improvement on their communications during the last radio test.

Resource Recovery

No Update. Next meeting is scheduled for October 1st.

Building and Grounds

Update provided under Board Committee Reports.

General Operations/Administration

There is no update on the request from AT&T to modify their tower. We are waiting for requested information. Don Smith was kind enough to lend his RF meter to the fire house and train us on its use in order to allow us to informally conduct our own readings. Capt. Krakauer and Chief Brown were able to measure the RF readings at the four pre-designated spots identified in prior emissions reports three times a day for a week. This information will be reviewed with AT&T.
